

The Higher Learning Commission (Public Information (FDCR.A.10.070)) requires that institutions make available to students and the public accurate information regarding student achievement. Retention, completion, and post-graduation data is provided for American InterContinental University System (“AIUS”) students organized by System member:

- American InterContinental University (AIU)
- California Southern University (CalSouthern)
- Trident University International (Trident)

AIUS programs are not designed to prepare students for particular state-level certification or licensing exams, therefore information about state licensure pass rates is not included.

RETENTION RATE

American InterContinental University

The AIU **retention rates** represent students that were active in the program as of the August 2022 quarter and were subsequently retained in or graduated from the program as of three quarters later (which represents one academic year).

The program level retention rate is the percent of all students who were active (1) in the program as of sixteen (16) days after the start of the indicated quarter, and were subsequently retained (2) three quarters later at the same point of the quarter.

1. A student is considered to be active if they possess a status of Active, Externship, Probation, Leave of Absence (LOA), Standard Period of Non-Enrollment (SPN), or Pending Graduate.
2. The number of retained students includes those that were active in or have graduated from the program.

The overall retention rate for all AIU campuses is 51%.

American InterContinental University, Atlanta, Georgia*

Program	Retention Rate
Certificate in Audio and Sound Recording	N/A
Certificate in Digital Filmmaking	N/A
Associate of Arts in Business Administration	57%
Associate of Science in Criminal Justice	44%
Bachelor of Accounting	72%

Programs that are no longer accepting new enrollments were excluded from this disclosure.

COMPLETION RATE

American InterContinental University

The AIU **completion rates** represent full-time students that completed the program within 150% of the standard program length. The University has identified the standard program length* for its programs, which is used as part of external data reporting. However, the actual program length can vary depending on the individual circumstances of each student. Many factors can impact time to completion, including course loads, academic performance, proficiency and/or transfer credits and breaks. Each cohort consists of all initial program entrants who enrolled during the 150% time period preceding the award year indicated in the chart below. An award year runs from July 1 to June 30. Students who transfer among programs are counted in the denominator for those programs, but only in the numerator of the program from which they graduate. This rate does not include part-time students.

American InterContinental University, Atlanta, Georgia**

Program	*Standard Program Length (in months)	2022-23

California Southern University

The AIU System acquired the assets of CalSouthern on July 1, 2022. As of that date, CalSouthern learners are classified as learners who transferred to AIUS. CalSouthern **completion rates** will be included in this disclosure when the cohorts analyzed include CalSouthern learners who enrolled on or after July 1, 2022.

Trident University International

The Trident **completion rates** represent full-time students that completed the program within 150% of the standard program length. The standard program length* listed identifies the number of months needed to complete the program based on a traditional academic calendar. However, the actual program length can vary depending on the individual circumstances of each student. Many factors can impact time to completion, including course loads, academic performance, proficiency and/or transfer credits and breaks. Each cohort consists of all initial program entrants who enrolled during the 150% time period preceding the award year indicated in the chart below. An award year runs from July 1 to June 30. Students who transfer among programs are counted in the denominator for those programs, but only in the numerator of the program from which they graduate. Trident does not enroll students in a part-time status.

The AIU System acquired the assets of Trident on March 2, 2020. As of that date, Trident students are classified as students who transferred to AIUS. Program completion rates for additional Trident programs will be available in future years when the cohorts analyzed include Trident students who enrolled on or after March 2, 2020.

Program	*Standard Program Length (in months)	2022-23
Associate of Science in Cybersecurity	24	N/A
Associate of Science in Homeland Security	24	24%
Associate of Science in Professional Studies	24	68%

POST-GRADUATION STUDENT INFORMATION

Median Earnings

According to the U.S. Department of Education's (USDE) College Scorecard, AIUS students receiving Title IV funds that completed their programs in the following fields of study from July 1, 2014, to June 30, 2016, had **median earnings** four years after leaving the institution as indicated in the chart below. AIUS students who did not utilize Title IV funds are not included in the data.

These are historical rates for the AIUS prior to the addition of CalSouthern and Trident and should not be relied upon by prospective students who enroll in CalSouthern or Trident programs.

Program	Median Earnings
Certificate in Audio and Sound Recording	N/A
Certificate in Digital Filmmaking	N/A
Associate of Arts in Business Administration	\$33,289
Associate of Science in Criminal Justice	\$32,943
Bachelor of Accounting	\$44,503
Bachelor of Business Administration	\$47,125
Bachelor of Fine Arts in Fashion Design and Marketing	\$32,092
Bachelor of Fine Arts in Media Production	\$34,634
Bachelor of Healthcare Management	N/A
Bachelor of Science in Criminal Justice	\$37,928
Bachelor of Science in Information Technology	\$55,591
Master of Business Administration	\$52,445
Master of Education (Adult Education and eLearning; Education Administration)	\$45,792
Master of Education (Leadership of PreK-12 Educational Organizations)	N/A
Master of Healthcare Management	\$55,039
Master of Science in Information Technology	\$63,808

N/A = No data provided by the College Scorecard

The University is not able to verify the accuracy of this information. This information should not be relied upon as an accurate indication of what your salary will be upon graduating from the program. AIUS cannot guarantee employment, salary, or career advancement.

The College Scorecard's median earnings are produced at the institutional level by credential level and 4 digit Classification of Instructional Programs (CIP) Code. The College Scorecard median earning values found within this document align to the CIP Code associated to the program for new enrollments. College Scorecard median earnings information will include CalSouthern and Trident data in future years when the cohort analyzed by the USDE includes these students.

Alumni Surveys

The AIU System has partnered with an external agency, Hanover Research, to send surveys to **AIUS alumni** with the goal of gaining insight into the career paths of these alumni after graduating. This data is specific to American InterContinental University (AIU) and Trident University International (Trident). California Southern University is planned to begin alumni surveys through AIUS in 2024.

The information below was gathered in each year of 2019-2023 for AIU and 2021-2023 for Trident.

American InterContinental University

Response Rates

Alumni Survey Year	Respondents by Cohort (Graduation Year)			Total # of Respondents	Total Response Rate
2019+	2018: 160	2016: 106	2014: 90	356	4%
2020+	2019: 120	2017: 80	2015: 88	288	3%
2021+	2020: 79	2018: 65	2016: 47	191	2%
2022	2021: 24	2019: 17	2017: 22	63	1%
2023	2022: 37	2020: 29	2018: 19	85	1%

All data is generated from self-reporting by AIU alumni. Information provided below is based on individual feedback provided at the time of the survey and may not be representative of a typical student's experience. +Alumni who completed these surveys were entered in a drawing for a gift card.

2019

- 29% indicated getting a new job with a different employer since graduating.
- 22% indicated getting a promotion or new opportunity with their current employer since graduating.
- 58% of respondents reported they were in entry-level positions when they started their degree programs which decreased to 46% after graduating.
- The percentage of respondents in managerial, director, or leadership positions have increased since they graduated.

2020

- 33% indicated getting a new job with a different employer since graduating.
- 25% indicated getting a promotion or new opportunity with their current employer since graduating.
- 60% of respondents reported they were in entry-level positions when they started their degree programs, which decreased to 46% after graduating.
- The percentage of respondents in managerial, director, or leadership positions have increased since they graduated.

Programs that are no longer accepting new enrollments were excluded from this disclosure.

2021

- 39% indicated getting a new job with a different employer since graduating.
- 26% indicated getting a promotion or new opportunity with their current employer since graduating.
- 48% of respondents reported they were in entry-level positions when they started their degree programs, which decreased to 30% after graduating.
- The percentage of respondents in managerial, director, or leadership positions have increased since they graduated.

2022

- 37% indicated getting a new job with a different employer since graduating.
- 24% indicated getting a promotion or new opportunity with their current employer since graduating.
- 37% of respondents reported they were in entry-level positions when they started their degree programs which decreased to 24% after graduating.
- The percentage of respondents in people manager, director, or leadership positions have increased since they graduated.

2023

- 33% indicated getting a new job with a different employer since graduating.
- 14% indicated getting a promotion or new opportunity with their current employer since graduating.
- 52% of respondents reported they were in entry-level positions when they started their degree programs, which decreased to 36% after graduating.
- The percentage of respondents in people manager and director positions have increased since they graduated.

Trident University International

Response Rates
